

NOTICE TO RESIDENTS

The health and safety of our residents and employees is of utmost importance to Homes for Good. With that in mind, the Agency is actively monitoring the information regarding the coronavirus (COVID-19) in collaboration with Lane County, HUD and other agencies throughout the community.

What we are doing

Homes for Good is currently attending a weekly call with Lane County officials in an effort to monitor the situation in our area and collaboratively prepare for next steps, if the situation progresses. We are continually reviewing guidance from Oregon Health Authority (OHA), Center for Disease Control (CDC) and others in an effort to stay abreast of the latest updates and recommendations.

- **To minimize the community introduction or spread of the virus, we will be cancelling all resident meetings, group activities and classes until further notice.**
- **We will be postponing non-essential inspections and routine work orders until further notice.**
- **If you have questions or need assistance related to your housing, please call our office at (541) 682-4090 rather than visiting if possible.**
- Maintenance staff are disinfecting our community spaces daily, which includes the community rooms, elevators, door knobs and other frequently touched surfaces.
- We are encouraging staff and residents who feel ill to stay home and to follow the recommendations of health professionals.
- On-site food programs such as Senior Grocery and Extra Helpings will continue as scheduled, however we will follow recommendations from Food for Lane County in regards to operations. If you are feeling ill, please contact your coordinator to see if home delivery is an option.

As we learn more about the virus, Homes for Good will continue taking action to make our properties welcoming and safe for you.

Thank you for helping us keep your community safe!

HOW TO STAY INFORMED

If you would like to learn more regarding COVID-19, there are many resources available to you. We are attaching some general information from the Oregon Health Authority and Lane County to this notice for your reference.

Lane County Community Call Center

Lane County has set up a call center for non-emergency calls related to COVID-19 from 9:00 a.m. to 4:00 p.m., Monday-Friday. The phone number is 541-682-1380.

Lane County has created a website specifically for providing updates at www.lanecounty.org/coronavirus.

Oregon Health Authority

<https://www.oregon.gov/oha/pages/index.aspx>

Center for Disease Control <https://www.cdc.gov/coronavirus/2019-ncov/index.html>

All of these organizations have social media pages that are being updated multiple times a day.

You can also follow #COVID19OR on social media to stay up to date.
