Strategic Equity Plan

Our Strategic Equity Plan is a 3-year plan that informs our Diversity, Equity, and Inclusion goals into a larger strategic plan for the Agency to make sure all of our efforts are steering us in the direction of more equitable and inclusive services.

Read the Full Plan

Our Goal: Lead and Grow Ethically

We will identify and document federal and state statutes and regulations that create barriers to access and active participation in Homes for Good governance, programs, and apartment communities.

How We're Going to Accomplish this Goal in 2022

Use the Annual Plan process to evaluate PHA policies and associated regulations to identify areas of disparate impact and a possibility for change or advocacy

Continue to work with HUD Portland Field Office and HUD in DC on the disconnect between HUD definition of registered sex offender and State of Oregon definition with the goal of amending the national definition.

Please note that these are just selections from a larger plan. You can read, and provide feedback on any part of the plan through these above methods.

A full copy of the Strategic Equity Plan, as well as a copy of the social media posts will be available on the Homes for Good website at www.homesforgood.org/about/about-us/diversity-equity-and-inclusion

If you would like a paper copy, your Resident Services Specialist, APM, or Property Manager can assist in providing you a paper copy to review.
